

North Pacific Fisheries Commission

NPFC-2020-SC05-IP01

Participants for priority species groups

Following the initiative of the SC Chairperson, SC members agreed to form corresponding groups for working towards stock assessment of priority species not addressed by SSC BF-ME, SSC PS, or TWG CMSA (i.e., Neon flying squid *Ommastrephes bartramii*, Japanese flying squid *Todarodes pacificus*, Spotted mackerel *Scomber australasicus*, and Japanese sardine *Sardinops melanostictus*). The following participants have been designated by members intersessionally. Members are invited to review/complete (i.e. Russia) the list of their representatives and identify leads for the priority species groups.

| Member | Name | Email address | Neon Flying Squid | Japanese Flying Squid | Spotted Mackerel | Japanese Sardine |
